What does Route 132 cost each year?

- Municipal tax: about $280 a year (estimate). The roll value times 1.3475 per $100: the town's 2025 global effective tax rate (1.7617), lowered for the 31% rise in all values in town since then. That rate is an average over every kind of property, not the residential rate on your bill; fixed fees and the school tax are not included.

- Transfer duties (“welcome tax”): at least $104 if the property were sold in 2026. Worked out as the roll value × 1.00 (the town's 2026 comparative factor) = $20,800, at the 2026 provincial brackets (0.5% up to $62,900, 1% up to $315,000, 1.5% above). The real base is the higher of the price and this amount; some transfers are exempt (for example between spouses or parent and child).

- The Government of Québec's map (ZEMT, ministère de la Sécurité intérieure) places this property's point in a coastal erosion constraint zone (St. Lawrence River and Gulf) (type E; 2012 map). The map describes such zones as protection strips where various interventions must be regulated (« bandes de protection où différentes interventions doivent être réglementées »), so some work there falls under municipal rules.
